PROFILE

Passionate and involved in computer science, ML and DL. I am working with various tasks, NLP, Time Series, CV. Specifically interested to develop in natural language processing and computer vision and their intersection/

EMPLOYMENT HISTORY

- ❖ **Data Scientist, Sber(Sberbank)** Sep 2021 — Present
Saint Petersburg | Remote
 - Full cycle of ML development: communication with the customer, task definition, data mining, data preparation, model creation, deployment
 - NLP tasks: classification, Named entity recognition, relation extraction etc.
 - CV tasks: classification, segmentation
 - Time Series: forecasting, analysis
- ❖ **Data Analyst, Sber** May 2021 — Sep 2021
Saint Petersburg
 - Automate the construction and visualization of multiple reports
 - Developed interactive dashboards for most of workflow
